

26 February 1965

At the twelve o'clock today I informed Colonel White of the provision in BOB Circular No. A-22 which permits the rental of vehicles for short-term use only (not exceeding 90 days in any 12 consecutive months). This was in answer to Colonel White's query on Wednesday on the possibility of renting a number of medium sedans.

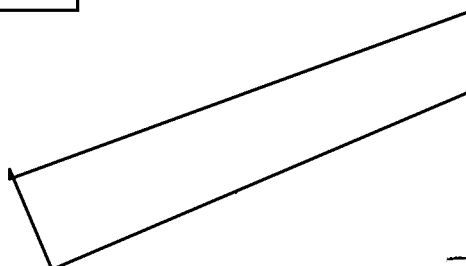

I asked Colonel White if he would want a memo from the Office of Logistics which would sum up in one paper everything which had been discussed on the issue of motor vehicles over the past six weeks or so. He said he would not need anything like this but he felt it would be a good idea for the Office of Logistics to do this. I passed this word to Alan Warfield by phone today and suggested that he might have all of the answers in one place immediately available to reply to any query by Colonel White.

Colonel White confirmed in his twelve o'clock today that he had talked with  on the vehicle situation in the Agency. He has agreed with Office of Logistics that they need not submit a report on the status of motor vehicles as he had previously instructed be done, providing Office of Logistics maintains a continuing accurate record which could be referred to in the event answers are needed to questions raised by BOB, Executive Director, or O/BPAM.

MEMORANDUM FOR: Director of Logistics

Alan:

This morning I informed you of several comments made by Colonel White after reading your memorandum of 22 January 1965, subject: Replacement of Medium Sedans. Colonel White wants to be certain that we have had explored every possibility, within permissible limits, to find a way out of this predicament. Your memorandum would appear to shut the door to any further effort to find a solution.

AT [ ] with whom I also spoke this morning, cited Public Law 87-125 dated 3 August 1961 which limits the acquisition of vehicles to a purchase cost of \$1,500. As this would pertain to FY 1962 funds only, I have asked [ ] of OGC to learn if there is any similarly restrictive language governing FY 1965 appropriated funds. AT

ILLEGIE

I passed to Colonel White the gist of your remarks on where we stood in regard to the Circular A-22 requirement to come within the specified limits by 19 December 1964. He wants an immediate survey made to clearly ascertain our present position and, where we are not in conformance, to satisfactorily justify these exceptions.

MEMORANDUM FOR: Deputy Director for Support

SUBJECT : Replacement of Medium Sedans

1. This memorandum contains a recommendation for your approval. Such recommendation is contained in paragraph 5.

2. Following your instruction on 11 January, I contacted Mr. Abersfeller, Commissioner, Federal Supply Service, GSA, and asked him if he knew of any way in which we could replace the Mercury sedans with better-than-standard Fords, Plymouths or Chevrolets. I explained the usage and justified our desire to have the higher grade models of the low priced automobiles on the grounds of:

a. Distance of Headquarters Building from other Federal offices and the White House.

b. Reception and transportation of Cabinet level and higher dignitaries of foreign countries.

c. Use of these vehicles to transport high-level officials of the U. S. Government other than CIA to and from urgent ad hoc meetings.

d. Reception and transportation of private U. S. citizens of whom CIA is asking advice or service of some sort on a non-reimbursable basis.

3. Mr. Abersfeller said that he had had no success to date in securing any relief from Bureau of the Budget Circular A-22, Revised, dated 19 December 1963. He noted our justification and said that it was inadequate. He suggested that I give him a memorandum and that he would see what he could do. His attitude was disinterested and I believe that he will not move to help us in this matter.

SUBJECT: Replacement of Medium Sedans

4. In discussion with Chief, Transportation Division and the Chief, General Products Branch, Procurement Division, it was concluded that only by the use of unvouchered funds could this procurement be accomplished. It is unlikely, however, that use of these vehicles would go unnoticed and unvouchered funds should not be used for the solving of domestic administrative problems.

5. It is recommended that we provide new standard vehicles for the Deputy Directors every year or even every six months using the replaced vehicles in our motor pool. This will provide a vehicle with at least the prestige value of being new and immaculate to Deputy Directors.

Colonel White's comments on Harfied's memo re Jan 61 on Vehicles

- 1- "I don't see where light sedans are ruled out for plucking up - would like to have this explained to me.
- 2- "The para 8b of A-22 - where do we stand now re compliance - is Dec 64 would have been the deadline?"

Notes:

- 1- UV funds for purchase is out. This is direct subterfuge, easily detected.
- 2- Col. White apparently not satisfied in doing everything to obtain waiver from restrictions or help ourselves within restrictions.
- 3- Could we make real effort to get plucked up how these cars for 4 Deputy Directors use?
